That looks good. Do make sure to have the Oklahoma House run those through their database to make sure the numbers match.

We have had a few districts who utilized a private resource and the data did not match the state's data from the US Census.

Sincerely,

Julie

Hello!

We need to redistrict as our area is growing. I have not presented anything like this to the BOE before. Does this look right to you?

Thank you!

Good morning all!

We are required to do it according to state statute after the census every 10 years. Locally, this is in accord with BOE Policy 1100, which is a reflection of the requirements of law.

Our team compiled the map to change the boundaries – it was verified by both the Oklahoma House and the University of Oklahoma Center for Spatial Analysis.

Janet – it will need to be an action item that I would likely have to present to the BOE.

Thanks!

Ashley,

Janet Brown is needing to know where did the redistricting information come from? Or who did this for us?

Thank you,
