This Agreement shall continue in effect for successive fiscal years after June 30, 1973, unless notice is given in writing, no later than April 1, by either the President of the Association or by the Board, through the Superintendent, to the other party in accordance with the provisions of the Agreement of its desire to modify, amend, or terminate the Agreement.
- C. Should no notice be given by either the Board or the negotiating representative, this Agreement shall automatically renew itself for another fiscal year and the negotiating representative, by failure to give such notice, shall be deemed to be bound as the successor to the Association by each and all of the provisions of this Agreement.
- D. In the event that the Association disbands or otherwise ceases to exist, this Agreement shall be null and void upon the effective date of such disbanding or cessation of existence.

ARTICLE IX – Grievance Procedure

Definitions

- A. The term "grievance" as used in this Agreement shall mean a complaint by a teacher or teachers that there has been an alleged violation, misinterpretation or inequitable application of any of the provisions of this Agreement which has directly affected that teacher or teachers. The term "grievance" shall also mean a complaint by the Association that there has been an alleged violation, misinterpretation or inequitable application of any provision of this Agreement that specifically grants a right to the Association.
 - 1. The term "grievance" shall not apply to any matter in which the method of review is prescribed by law or the Board is without authority to act.
- B. A "Grievant" is the teacher or teachers, or the Association when applicable, asserting a grievance in accordance with the definition above.
- C. The term "Grounds" when used in this article, shall mean the basis upon which a grievance is being presented or appealed.
- D. The term "Days" when used in this article, shall mean "teacher" work days during the regular school year. At a time other than during the regular school year, the term "Days" shall mean those days during which the administrative offices of the District are normally open.

General Procedures

- A. The number of days for the processing of grievances indicated at each level should be considered as a maximum. However, the time limits specified may be extended or limited by written mutual consent.

- B. Nothing contained herein will be construed as limiting the right of a grievant to discuss the matter informally with any appropriate member of the administration and having the grievance adjusted, provided the adjustment is consistent with the terms of the Agreement in existence between the Board and the Association.
- C. A grievant may be represented at any level of the grievance procedure by a representative of his/her choosing consistent with the terms and provisions of this Agreement. Beyond Level One in the Grievance Procedure the grievant may present depositions of relevant material that would assist in the equitable resolution of the perceived disagreement, controversy, and/or complaint involving a perceived violation or inequitable application of the terms of this Agreement.
- D. A grievance initiated by a grievant at a time other than during the regular school year shall commence at Level Two, provided the principal or immediate supervisor is not readily available.
- E. No grievance shall be recognized by the Board or the Association unless it shall have been presented at the appropriate level within twenty (20) days after the grievant knew of the act or condition on which the grievance is based; and, if not so presented, the grievance shall be considered as waived.
- F. A grievant may withdraw a grievance at any time by notifying in writing the Board's and Association's representatives at the level at which the grievance is being heard. Any such grievance that is withdrawn shall be considered waived.
- G. If a grievance affects more than one negotiating unit member at more than one (1) school, the grievant, through their designated representative, may submit such grievance in writing to the Superintendent, or his/her designee. The processing of such grievances shall commence at Level Two.
- H. When it is necessary at any level beyond Level One for a grievant and his/her designated representatives to attend a meeting or a hearing called by the Superintendent, or his/her designee, during the school day, the Superintendent, or his/her designee, shall so notify the principal or immediate supervisor of such teachers and they shall be released without loss of pay for such time as their attendance is required at such meeting or hearing.
- I. Failure at any step of this procedure to communicate the decision of a grievance within the specified time limits to the aggrieved person shall permit the grievant to proceed to the next level.
- J. Failure by the grievant at any level of this procedure to appeal the grievance to the next level within the specified time limits shall be deemed to be acceptance of the decision given at that level.
- K. A grievance shall be submitted in written form and shall include: date of occurrence, article violated, statement of occurrence, and resolution requested.
- L. When a grievant elects to pursue a legal or statutory remedy for any alleged grievance, such an election will bar any further subsequent proceedings for relief under the provisions of the Agreement.
- M. All meetings and hearings conducted under the provisions of this Grievance Procedure through

Level Three shall be in private and are limited to the grievant and administrator of interest and their designated representative heretofore provided in this Agreement.

- N. Recognizing the need to deal with perceived violations or inequitable applications of the terms of this Agreement, the Board will endeavor to act directly and fairly with any teacher/teachers filing a grievance consistent with the terms and conditions of the Agreement.
- O. Hearings conducted at Level Four shall be conducted in open session. Participation shall be limited to the parties of interest and their representative.
- P. A Grievance File shall be maintained by the administration to contain all records regarding the processing of grievances filed by the teachers of the district.

Informal Discussion Before Grievance

- A. Before a grievance is filed, teacher(s) shall be required to discuss informally the perceived violation of the collective bargaining Agreement with their building principal or supervising administrator, with the goal of resolving the disagreement in a manner consistent with terms and conditions of the Negotiations Agreement. Representation may occur at this level, and no written record, other than the nature of the perceived violation and the date of the meeting shall be made. The administrator will verbally render a decision to the teacher within five (5) working days.

Level One - Principal

- A. If the teacher(s) is not satisfied with the disposition of the perceived violation of the Negotiations Agreement by the building principal or supervising administrator in the informal procedure, a grievance may be filed within twenty (20) days. The teacher(s) may give written authorization to the Association to proceed with the grievance process on their behalf. A request for formal grievance meeting with the building principal or supervisory administrator will be submitted. This meeting shall be held within fifteen (15) school days of the filing of the grievance unless such time limits are extended by mutual agreement of the grievant and the principal, or supervisory administrator.
- B. Either or both parties may tape the grievance proceeding at Level One and thereafter. The building principal or supervisory administrator may be accompanied by one other representative of the Administration.
- C. Within ten (10) days of the meeting, the principal or supervisory administrator shall communicate the decision in writing to the grievant.
- D. If the building principal chooses not to conduct a formal grievance at Level One, the principal or supervisory administrator shall refer the grievance to Level Two.

Level Two – Superintendent

- A. If the grievant is not satisfied with the disposition of his/her grievance at Level One, he/she, or his/her designated representative may file a written appeal with the Superintendent or his/her designee with five (5) days of the decision given at Level One. The appeal shall include a statement of the decision being appealed, the grounds for regarding the decision unacceptable, and the requested course of action. Within five (5) days of receipt of the written appeal, the Superintendent, or his/her designee, will request the principal or immediate supervisor to forward to him/her in writing the decision and rationale given at Level One. A copy will be sent to the grievant.
- B. Appeals at this level shall be heard by the Superintendent, and designee, within ten (10) days of the receipt of the appeal. Written notice of the time and place of the hearing shall be given by the Superintendent, or designee, by no later than three (3) days prior to the hearing to the grievant and the Association representative. Within five (5) days of the hearing, the Superintendent, or designee, shall communicate his/her decision in writing to the principal or immediate supervisor, grievant, and the Association representative.

Level Three - Fact Finding

- A. Within five (5) days of receipt of the decision given by the Superintendent, or his/her designee, in Level Two, the grievant, through the Association, may request the issue be referred to a fact-finding committee.
- B. The fact-finding committee shall be selected as set forth in this Agreement.
- C. The costs for the services of the fact-finding committee, including per diem expenses, if any, and actual and necessary travel expenses shall be shared in the following manner: the Board shall assume the expenses of the representative selected by the Board, the Association shall assume the expenses of the representative selected by the Association, and the expenses of the third member shall be shared equally by the Board and the Association.
- D. The procedures for conducting fact finding shall be as set forth in other Articles of this Agreement.
- E. Within five (5) days after receiving the report of the fact-finding committee, those persons present at the hearing of appeal at Level Two shall meet to discuss the report and attempt to reach agreement on the grievance.
- F. The Board and the Association, through their representatives, may mutually agree to waive the fact finding proceedings set forth in this article.

Level Four - Board

- A. Within five (5) days of receipt of the decision given in Level Two and if fact-finding has been waived, the grievant, or designated representative, may appeal the decision to the Board of Education. This appeal shall include a copy of the decision being appealed, the grounds for regarding the decision unacceptable, and the requested course of action.
- B. If fact-finding has been elected as provided in Level Three, and if the Superintendent and the

grievant, through the Association, cannot reach a mutually satisfactory adjustment of the grievance as the result of fact finding, the grievant, through the Association, may then appeal the issue to the Board of Education. The appeal may be filed within ten (10) days of receipt of the report from the fact finder. This appeal shall include: a copy of the decision given by the Superintendent, or designee, in Level Two; a copy of the report given by the fact-finding in Level Three; the grounds for regarding the decision and the report unacceptable; and the requested course of action.

- C. The Board shall hear appeals at this level within twelve (12) days of receipt of the appeal. This hearing may be during a regularly scheduled meeting or at a special meeting called by the Board. Written notice of the time and place of the hearing shall be given by the Board's designee no later than three (3) days prior to the hearing to the grievant and the Association representative.
- D. The Board shall render its decision in writing within ten (10) days after conclusion of the hearing to the grievant with copies given to the principal or immediate supervisor and the Association representative. The decision of the Board shall be final.

ARTICLE X – Conditions of Employment

Work Day

- A. The normal work day for teachers shall be not more than eight (8) hours, including lunch. Teachers shall be required to report to work no earlier than thirty (30) minutes prior to the beginning of the student instructional day and shall be required to remain no later than twenty (20) minutes after the end of the student instructional day. Extensions/alterations to this work day definition shall be defined within the negotiated agreement for special circumstances. If the State Board of Education or Legislature mandates a change in the student instructional day, the teacher work day shall be extended accordingly.
- B. Each teacher shall have no less than twenty-five (25) consecutive minutes each school day for a lunch period during which the teacher shall be given no duties. The twenty-five (25) minutes shall be protected and not part of any passing period or supervision of students. However, in buildings where staff assignments permit, the building principal will, if possible, provide a thirty (30) minute lunch period with no assigned duties.
- C. After providing all teachers an opportunity for input, the principal of each elementary school shall establish a schedule assigning teachers to lunch periods and to planning periods in an equitable manner.
- D. The Board of Education shall direct administrators, where building staff assignments permit, to provide teachers in grades Pre-K through Five planning time of at least forty (40) minutes per school day, and each secondary teacher one (1) class period per school day. When time allows, principals will provide teachers with ample, advance notification of known assemblies or special activities that will take place during plan times.
- E. Teachers who are directed by the building administrator to use their planning period to supervise instructional classes or when a substitute is not available will be reimbursed at the rate of \$15.00

per period. Teachers will be compensated for a maximum of one (1) planning period per day. Teachers who are required to integrate a second class into their schedule due to unavailability of substitute will be paid at the rate of a certified substitute.

- F. Teachers who are required to integrate a portion of a class into their schedule due to unavailability of a substitute will be paid a proportionate amount of the certified substitute pay rate not to be less than \$15.00. The rate for elementary instructional coverage shall be \$75 paid proportionately.
- G. Except for lunch period, unassigned time of a teacher shall be devoted primarily to instructional duties.
- H. On days designated by the District as “Late Start” or “Early Release” for purposes of creating embedded collaboration time for staff, teachers will report or be released at the normal time, but students will arrive later or be dismissed earlier to allow for the additional staff collaboration time. The student instructional day will be adjusted accordingly to compensate for the embedded collaboration time to ensure that total instructional hours for the school year meet state requirements.
- I. Teachers may be required to attend, either before or after the work day, functions related to the activities of the school including parent conferences, IEP, meetings, and staff meetings at no additional compensation. There shall be no more than one (1) faculty meeting per month that shall not exceed thirty (30) minutes in addition to virtual learning day meetings. Each site will offer AM and PM sessions in order to provide flexibility for teachers. The faculty meetings may include relevant and intentional instructional conversations, instructional feedback, housekeeping items, data analysis or site operational information. No formal professional development to introduce new concepts shall be scheduled during this time. The site administrator may cancel these meetings at their discretion.
- J. The Board will endeavor to modify the hours of the school day in order to permit faculty meetings to be held during the regular school day.
- K. Principals will provide teachers 24-hour advance notification of regularly scheduled faculty meetings with the exception of unforeseen emergency circumstances.

Teacher Contracts

- A. The teacher work year shall consist of not more than one hundred eighty (180) days, or equivalent hours, as follows:
 - 1. One hundred seventy-five (175) days shall be for instruction
 - 2. Five (5) days shall be for professional activities, unless otherwise provided by law and/or regulations of the State Department of Education.
 - 3. Teachers new to the district shall be required to attend not more than five (5) orientation days.
- B. Individual teacher contracts shall be issued to all teachers within sixty (60) days after the salary schedule has been approved for the current school year. In the event that a delay is necessary, the Association will be notified immediately.

- C. Each individual teacher's contract will specify the number of work days required for that teacher's assignment.
- D. Those teachers who do not complete records and other end-of-the-year check-out requirements within the one hundred eighty (180) scheduled days, or equivalent hours, will be obligated to work extra days until the check-out procedure is completed.
- E. Teachers may check out after student dismissal on the last day of student attendance, if check-out responsibilities have been completed. Principals will be available for teacher check-out at least two (2) hours beyond the end of the defined teacher work day.
- F. Teachers with extra duty contracts shall work beyond the regular work year whenever necessary in order to fulfill the responsibilities of the extra duty assignment. Positions requiring days added to the employee's regular contract will be compensated at a base daily contract rate for each additional day added.

Duties and Professional Development

- A. Teachers shall be accountable for the maintenance and completion of all records as required by the Board. Teachers shall be accountable for school materials, equipment and facilities assigned to them. The Board shall not require that teachers pay for instructional materials from their personal funds.
- B. Teachers shall accept non-teaching duty assignments when these duties are deemed necessary for the proper functioning of the school. Such duty assignments shall be held to the minimum number necessary to provide adequate supervision of students as determined by the building principal. After the regular teacher workday, extra-curricular duties will be performed by appropriate teacher volunteers, whenever possible.
- C. Teachers performing duties at athletic events after the regular school day will be compensated according to a rate established by the Board of Education.
- D. The Board of Education and the Broken Arrow Education Association jointly recognize the importance of teacher participation in Parent Teacher Association meetings and fund-raising activities. Teachers are expected to attend these activities; however, building principals should be flexible when circumstances necessitate a teacher absence. Prior notice should be given to the principal as early as possible.
- E. Teachers will be responsible for the supervision of school property and the supervision of students, when involved in school activities, wherever they may be, at whatever time.
- F. No certified staff member shall be subjected to random drug or alcohol testing except in accordance with state or federal law. Suspected drug and/or alcohol use will be subject to Board policy.
- G. All teachers of Broken Arrow Public Schools will be admitted to home athletic events upon presentation of their (ID) employee badge. The employee badge will also admit one guest to home athletic events.

- H. When a teacher receives a fee waiver certificate(s) from a university, they have the right to keep the certificate(s), which shall only be used toward tuition for the staff member's personal advanced education, or to donate the certificate(s) to the District. The District will disperse fee waiver certificates it receives based on guidelines set by the Tuition Reimbursement Committee.
- I. Professional improvement of teachers shall be compliant with the plan developed by the District Professional Development Committee as directed by guidelines of the State Department of Education and adopted by the Broken Arrow Board of Education.
- J. Teachers who are required by district administrators to attend professional development outside the one hundred, eighty (180) contracted days shall be compensated at the rate of fifteen dollars (\$15.00) per hour of training. If the professional development is required and a stipend is provided, the greater of the stipend or hourly rate will be the amount compensated to the employee.
- K. If teachers cannot attend at the required professional development time, due to reasons outlined in the leave provisions of this agreement, the district can provide an alternate opportunity or excuse the absence. Appropriate evidence concerning the cause of absence may be required by the principal, immediate supervisor, or the Human Resources department.

Evaluations

- A. During the school year, the Tulsa Teacher/Leader Effectiveness Observation and Evaluation System will be used as the evaluation program for teachers not in a supervisory capacity. Continued use of this evaluation program will be subject to negotiations, however teachers will not be exempt from the TLE process.
- B. The Professional Learning Focus (PL Focus) shall be completed for each educator and meet the following requirements:
 - 1. Be introduced and explained to participants at the beginning of the year (individually or as a group).
 - 2. Be established, collaboratively by the teacher and evaluator, by the end of the first quarter of the current school year. This may be done in person or electronically.
 - 3. Be documented on the state department approved PL Focus template.
 - 4. Shall not be dictated by the evaluator.
 - 5. Shall not be tied directly to a TLE domain.
- C. Student standardized test results shall not be part of the criteria used for the appraisal of teacher performance, unless use of such material is prescribed by statute or by regulations of the State Department of Education.
- D. The District will not conduct TLE formal observations one instructional day preceding and following: Fall Break, Thanksgiving Break, Winter Break, and Spring Break.

Individual Rights

Teacher Files

- A. The Board of Education shall designate the official custodian of the personnel records for those teachers. Such records shall remain confidential in accordance with the Statutes of the State of Oklahoma. However, nothing herein shall be construed to prohibit any actively employed teacher from examining his/her own personnel file at any time during normal school hours by appointment with the Human Resources department.
1. Any admonishment or reprimand placed in a teacher's personnel file shall also be provided to the teacher. Any teacher shall have the authority, within fifteen (15) working days from the notification, to execute a written response to any such document placed in his/her personnel file.
 2. Any teacher may request in writing that any entry or document in his/her personnel or working file be removed there from. The Board shall make the final decision as to whether to grant said request. In making this determination, the Board will use the employee's number rather than name in any decision and vote by the Board related to removal of documents placed in the personnel file. The working file is a hard-copy file in a location designated by the principal.
 3. Active teachers may annually request that certain documents five (5) years old or older be expunged from their personnel file excluding evaluations and documented, investigated cases of sexual misconduct.
 4. Successfully completed growth plans may be expunged at the end of five (5) years.
 5. All documents placed in the personnel file or working file must be dated.
 6. No material contained in the working file which is five (5) years old or older shall be moved to the personnel file and used as a basis for job action against any member of the bargaining unit.
 7. Teachers shall have an opportunity to review the material contained in the principal's working file. Request to review said material shall be made to the principal in writing by the teacher. The principal shall make copies of the material available to the teacher within two (2) working days following receipt of the request. The principal may redact identifying information related to students, parents, and/or staff.
 8. Any teacher shall have the authority, within fifteen (15) working days from the date they are aware of an admonishment or reprimand contained in the working file, to execute and attach a response to the admonishment or reprimand.
 9. The District and the Association agree that academic freedom is essential to the fulfillment of the purposes of the District and acknowledge the fundamental need to protect employees from censorship or restraint which might interfere with their obligation in the performance of their professional duties. A teacher shall be shown

any written, signed complaint against him/her, and any verbal complaint, which will be recorded in written format, if the complaint is of such a serious nature that it could affect the nonrenewal of the teacher's contract. In the event the administrator determines it would be inappropriate to show the written complaint, the teacher will be informed of the complaint. The teacher shall have the opportunity to respond if he/she chooses. Only complaints investigated and substantiated will be placed in the teacher's personnel file. For disciplinary action including, but not limited to push pins, goal setting forms, PDP's, and letter of admonishment, teachers will be given information with enough details to know the basis of the discipline. Administrators will include only information that has been investigated and documented.

Push Pins and Personal Development Plan

- A. The following procedures will be recognized by the Board and Association in dealing with teacher due process. A principal may repeat any level or enter the process at any level deemed necessary.
- B. Verbal counseling is a term used when a principal has a one-on-one discussion with the teacher concerning a situation which requires correction. If the teacher fails to correct the situation following verbal counseling, a principal may document such a situation, which will be retained in the principal's working file and a copy given to the teacher. Collectively, these steps are referred to as "Push Pins" in the Teacher-Leader Evaluation System.
- C. When an administrator who has the responsibility of evaluating a teacher identifies a situation that the administrator believes may lead to a recommendation for the teacher's dismissal or non-reemployment, the administrator shall:
 1. Admonish the teacher, in writing, through the use of a Personal Development Plan/Admonishment, and make a reasonable effort to assist the teacher in correcting the poor performance or misconduct; and establish a reasonable time for improvement, not to exceed two (2) calendar months, taking into consideration the nature and gravity of the teacher's poor performance or misconduct.
- D. A copy of the Personal Development Plan/Admonishment will be retained in the administrator's working file and a copy will be given to the teacher. The original will be placed in the official Personnel File or TLE database maintained in the Human Resources department. A signature of the teacher is required as acknowledgment of receipt, and representation may be present at this level.
- E. When a Personal Development Plan (PDP) is being issued or is expected, supervisors will notify the teacher in writing as to the purpose prior to the meeting. Members of BAEA have the right to request a BAEA representative to be present regarding any personnel matter. BAEA members have the right to request the BAEA President, Vice President, or their Building Representative regarding any personnel matter. BAEA leadership reserves the right to refuse representation for non BAEA members. All certified personnel of Broken Arrow Public Schools are encouraged to join BAEA. As members of a professional organization, teachers are

encouraged to attend and participate actively in BAEA. If a BAEA teacher has requested BAEA representation during a Personal Development Plan, the building principal may request a district level instructional administrator to be present.

Investigations

- A. When an investigation is initiated because of a student or parent complaint, the teacher will be notified as soon as possible of the investigation. The teacher will also be notified of the basis for investigation. The teacher may have representation at any investigative meeting.
- B. A written admonishment shall be communicated to the teacher within five (5) working days of the principal's awareness of the incident unless there is an ongoing investigation. If an admonishment is warranted, it will be given within five (5) working days of the end of the investigation.
- C. If the teacher is not available within the time limits, the admonishment may be mailed to the teacher by certified mail, return receipt requested or delivered to a representative of the teacher's choice.
- D. If the principal is not available within the time limits, the administrator may be represented by another administrator or the meeting rescheduled at a mutually agreed upon time.
- E. Both parties should make a good faith effort to comply with the stated time limits.
- F. When any teacher is required to attend a conference with an administrator in which the teacher will receive a formal written admonishment which could lead to dismissal or termination, and/or when correspondence from the supervisor to the teacher will be placed in the permanent (Human Resources department) personnel file, the teacher shall be provided reasonable, prior, written notice of the time, nature, and the general topic of the conference. The teacher and the administrator shall each be entitled to make a tape recording of the conference and/or have a representative of their choice accompany them, who, if desired, would be allowed to speak for either party at the conference.
- G. When an Association representative is requested for any teacher-administrator conference, the meeting will be held at a mutually agreeable time within five (5) working days of the notification of the need for a meeting.
- H. This does not relate to investigations.
- I. Nothing in this section shall diminish the right of the district to suspend teachers as authorized by statute.
- J. The Board of Education shall provide professional and tort liability protection of teachers who are employed by the district, within statutory limitations.

Suspension of Teachers

- A. Whenever the Superintendent of a School District has reason to believe that cause exists for the

dismissal of a teacher and is of the opinion that the immediate suspension of the teacher would be in the best interests of the children in the district, the Superintendent or the local Board of Education upon receiving recommendation for suspension from the Superintendent may suspend the teacher without notice or hearing. However, the suspension shall not deprive the teacher of any compensation or other benefits to which otherwise entitled. Within ten (10) days' time after such suspension becomes effective, the local Board of Education shall initiate a hearing for dismissal pursuant to law. However, in a case involving a criminal charge or indictment, such suspension may extend to such time as the teacher's case is finally adjudicated at trial. Provided, however, such extension shall not include any appeal process (OS 70-6-101.29).

- B. A teacher who is convicted of a felony offense or a misdemeanor offense involving moral turpitude, will be subject to dismissal by the Board of Education upon recommendation of the Superintendent.

Employment Provisions

- A. Vacancies that occur in certified positions will be posted on the school employment website. This location must be used exclusively for job postings. Any vacancy that occurs within five (5) days of the first day of instruction may be filled after posting the position for forty-eight (48) hours. Posting of vacancies in the summer months will be on the school employment website. Job postings will clearly set forth the position, site or pool, closing date if determined by the hiring manager, and certification required. Any teacher who desires to fill such a vacancy shall submit a transfer application on the school employment website.
- B. Assignment, transfer and promotion of personnel is a management function vested exclusively in the Board of Education. The Board grants to the Superintendent of schools the authority to assign and/or transfer personnel.
- C. Transfer and/or reassignment of teachers will be decided on the basis of the needs of the School District, the qualifications of teachers, and, when appropriate, the teacher's expressed desires. When it is not possible to meet all three (3) conditions, teachers will be transferred and/or reassigned at the direction of the Superintendent in the best interest of the School District, to an assignment where administration feels the teacher can most appropriately serve.
- D. Favorable consideration will be given to qualified applications among current teachers of the School District when vacancies exist in new or existing positions.
- E. Transfer of teachers, when practical, will be made on a voluntary basis by request of the teacher. The following guidelines shall apply to an application for voluntary transfer and/or reassignment.
- F. A teacher who has submitted a transfer application prior to April 30th will be granted an interview each year for at least one opening for which they are certified. Individual principals will not be required to interview the same candidate more than once in a three (3) year period. If there is only one (1) opening for which the teacher is certified and this opening is in a building where the principal has interviewed the candidate within the three (3) year period, the candidate will not be guaranteed an interview for that position.

- G. The teacher shall attach a transfer application to the open position on the school employment website.
- H. Teacher requesting to transfer should notify his or her building principal of the request.
- I. The final decision of a teacher transfer request shall be that of the Instruction department and the Human Resources department.
- J. In the event that intra-district transfer of teachers among buildings becomes necessary in order to balance staff with student enrollment, these guidelines will be followed:
 - 1. Positions to be eliminated will be the deciding factor in reduction of building staff rather than giving prime consideration to individuals who occupy certain positions. In all cases, preservation of the education program and the welfare of students will be paramount in determining positions to be eliminated and personnel to be transferred.
 - 2. The teachers will be given notice of a proposed intra-district transfer. The Board will affect transfers for the ensuing school year using qualified volunteers, if available, unless the volunteer occupies a specialty where he/she cannot be replaced.
 - 3. The teacher shall be transferred according to the following criteria:
 - a. Employee's area of certification
 - b. Length of service in Broken Arrow schools
 - c. Date of hire in the District
 - d. Total years of teaching experience
 - e. By lot
 - 4. If the established procedure of transferring teachers is not considered in the best interest of the educational program and students, the teacher(s) to be transferred will be decided in a conference between principals of the schools involved and the Human Resources department, during which consideration will also be given to the length of service of the teachers(s) in the current building assignment(s).

Reduction in Force Provisions for Certified Teaching Personnel

- A. Reasons for a Reduction in Force. Any teacher in the School District may be non-reemployed for the following fiscal year when the Board decides that due to (a) a financial necessity or (b) a program change for institutional reasons or (c) a decline in enrollment or (d) other business necessity as determined by the Board, a reduction in the teaching staff for the following fiscal year is necessary.
- B. Definitions. For the purpose of this section, the following terms have the stated meanings:
 - 1. "Financial necessity" means a reduction in the School District's financial resources resulting from declining enrollment or any other action or event that in the sole judgment of the Board of Education will result in a reduction in the School District's current or future operating budget.

2. "Program change" means any elimination, curtailment or reorganization of a curriculum offering, program or school operation or a reorganization or closing of a school or a consolidation of two (2) or more individual schools or school districts.
 3. "Declining enrollment" means a decrease in the School District's total enrollment or enrollment in a particular program or curriculum offering which in the sole judgment of the Board of Education may adversely affect the School District's current or future allocation of funds and/or the necessity of maintaining certain current or future class sections or curriculum offerings.
 4. A "contracted special duty assignment" is an assignment that requires special skill or expertise for which the teacher receives additional pay pursuant to a written extra duty contract that is separate from the regular teaching contract and which assignment involves activities such as but not limited to athletics, academics, the arts, music, drama, debate or cheerleading.
 5. "Seniority" means the length of continuous, full-time contracted employment as a teacher in the School District, beginning on the date the teacher first reported to work. If seniority is the same, the date the Board approved the employment of the teacher will be the deciding factor.
- C. Criteria for Eliminating Positions. The primary criterion in determining any reduction in force shall be the maintenance of a sound and balanced educational program that is consistent with the functions and responsibilities of the School District. In deciding which positions to eliminate, the Superintendent and the Board will consider the curriculum, the needs of students and those contracted special duty assignments that require special skill or expertise. The decision as to which positions to eliminate shall be made by the Board of Education acting on its own volition or following receipt of a recommendation by the Superintendent of Schools. When positions must be eliminated, the Board will attempt to reduce staff first by normal attrition.
- D. Criteria for Non-reemployment of Teachers in Affected Positions. Once a determination has been made as to which positions should be eliminated then the primary basis that will be used in determining which teachers to retain in the affected position(s) will be the composite rating of the teachers holding such positions as measured [to the nearest hundredth of a decimal point] by the School District's Teacher and Leader Effectiveness Evaluation System [TLE] for each year in which the TLE has been in effect, not to exceed three (3) years. If the composite ratings of the teachers in the affected positions are identical then the following, *in this order*, shall control:
1. Seniority in the School District
 2. The number of certifications held
 3. Total years of teaching experience
 4. By lot drawing conducted by the Human Resources Department in front of an authorized representative of the Association

Procedures for Reduction in Force

- A. Action by Superintendent. The Superintendent, upon receipt of the Board's preliminary determination of the necessity for a reduction in force, or upon his own volition, shall submit to the Board the Superintendent's written recommendations for eliminating particular teaching positions. In making recommendations, the Superintendent (a) shall not be limited to considering only positions in the areas or programs designated by the Board and (b) shall consult with relevant district administration where a position elimination is proposed and (c) shall take into consideration the criteria set out herein.
- B. Action by Board. In the absence of a recommendation from the Superintendent pursuant to this section, or when the Board of Education chooses not to accept the Superintendent's recommendation, the Board may initiate action without such recommendation provided that it adheres to the other terms of these reduction in force provisions.
- C. Notice and Hearing Procedures. Prior to taking any action to non-reemploy a teacher due to a reduction in force, whether acting on a recommendation of the Superintendent or on its own volition, the Board shall provide written notice and an opportunity for hearing to the affected teacher; provided however, because the law does not provide nonrenewal hearings for teachers on temporary contracts, no hearing opportunity shall be afforded any teacher on a temporary contract with notice of the expiration of the temporary teacher's contract at the end of the school year being provided to the temporary teacher. The notice and Board hearing procedures for teachers other than temporary teachers shall be the same as those provided by Oklahoma law regarding non-reemployment of teachers. Notice of a recommendation of non-reemployment shall be given to the teacher prior to the applicable deadline set by law.
- D. Board Hearing. At the Board hearing, evidence may be presented by the administration and the teacher, as to (a) whether a reduction in force is reasonably necessary and is being made in good faith and for the best interests of the School District and (b) whether the recommendation to not renew the specific teacher is being made in good faith under the reduction in force provisions.
- E. Effect of Board Decision. The decision of the Board based on the evidence presented at the hearing shall be final and non-appealable.
- F. Reemployment or Other Employment After Reduction in Force
- G. Recall. For two (2) school years after the effective date of non-reemployment due to a reduction in force, the Board of Education shall not fill the specific position previously held by an eligible teacher who was non-reemployed due to a reduction in force without first offering such specific position to the non-reemployed and eligible teacher. In order to be an "eligible teacher" for recall, the teacher, at the time of the reduction in force, must have had an overall composite evaluation rating, for the time period used, of at least 2.80 on a scale of 5.00. If more than one non-reemployed eligible teacher is both certified and qualified for a position which the teachers previously held with the School District and which becomes available, the Board, after receiving the Superintendent's advice, shall select the eligible teacher it believes will best fill the position. Nothing in this provision shall give to any non-reemployed and eligible teacher priority rights to fill

a vacancy which becomes available and for which the eligible teacher is certified and qualified unless such position is identical to the position which the teacher previously held with the School District

- H. Recall Procedures. The offer of reemployment shall be made personally or by both regular mail and certified mail, return receipt requested, and the teacher shall be told in such notice that if the teacher wishes to accept, the teacher must do so in writing within five (5) calendar days of his/her receipt of notice. Failure to receive acceptance within five (5) calendar days or rejection of the offer of reemployment eliminates all reemployment rights of the teacher.
- I. Status After Recall. A career teacher who has been non-reemployed and who is then reemployed within one (1) school year shall be reinstated as a career teacher. A probationary teacher who is non-reemployed but is then reemployed within one (1) school year shall be given credit for the time already served as a probationary teacher for the purpose of determining eligibility for career teacher status.
