Bidders are not restricted as to the number of rates that may be named, provided that the same rate shall be specified for all bonds of the same maturity.

BASIS FOR AWARD

For the purpose of awarding the Bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total of all interest on the Bonds from the date thereof to their respective maturities, and deducting therefrom the premium bid, if any. In the event said bidder should fail or refuse to take up and pay for the Bonds in accordance with his bid, then said check/wire will be cashed/returned as full liquidated damages. Otherwise, said check/wire will be returned to the purchaser upon payment for the Bonds. No interest will be allowed on said check/wire. Checks of unsuccessful bidders will be promptly returned.

AUTHORITY FOR THE ISSUANCE OF BONDS

Political subdivisions in the State of Oklahoma must have authorization from the voters of such political subdivisions in order to become indebted for either a period of time beyond one year or for an amount in excess of the income and revenue provided for such year.

The Bonds were authorized to be issued a special election held in the School District for such purpose on November 13, 2023. The Bonds are being issued pursuant to the provisions of Article X, Section 26 of the Oklahoma Constitution, as amended, and Title 70, Article 15, Oklahoma Statutes 2021, and laws of the State of Oklahoma supplementary thereto. All existing indebtedness of the School District has been issued pursuant to Article X, Section 26 of the Oklahoma Constitution.

Under Article X, Section 26, political subdivisions issuing bonds under such section may issue obligations in a total amount such that the total aggregate net indebtedness (including judicial judgments) shall not exceed 10% of the net assessed valuation of the taxable property therein; provided that three-fifths of the voters voting in an election held for such purpose shall approve the issuance of such obligations.

PAYMENT OF AND SECURITY FOR THE BONDS

The Bonds, will be direct and general obligations of the School District and will be payable from ad valorem taxes which may be levied WITHOUT LIMITATION AS TO RATE OR AMOUNT on all taxable property within the School District to pay the principal of and interest on the Bonds when due.

Ad valorem taxes for the Bonds shall be levied annually beginning in Fiscal Year 2024-2025, shall become delinquent one-half on January 1 and one-half on April 1 of each year, and are required to be collected by the County Treasurer, apportioned and paid over to the School District Treasurer, and then deposited directly and only into the Sinking Fund of the School District. IN NO EVENT MAY SUCH AD VALOREM TAXES BE DEPOSITED INTO THE GENERAL FUND OR ANY FUND OF THE SCHOOL DISTRICT OTHER THAN THE SINKING FUND.

As previously stated, the Bonds are payable from ad valorem taxes on the taxable property within the School District including real, personal and public service property, and any other monies available for such purpose. Real and personal property in the School District is currently assessed at a rate of approximately 11% of estimated full market value. The Oklahoma State Tax Commission determines public service property assessments, and currently the assessment ratio is approximately 22.85% of estimated full market value. Pursuant to Oklahoma statutes, County Assessors are required to reassess property within the County at least once each five years. The School District is required to pay its proportionate share of the cost of such reassessment.

Ad valorem tax rates for Sinking Fund purposes are determined by ascertaining the actual dollars of revenues required for payment of principal and interest on indebtedness, fees to fiscal and paying agents and judicial judgments. Such total amount may be reduced by any surplus from the prior fiscal year and any contributions made into the Sinking Fund. To the resulting net requirements a reserve for delinquent taxes, in an amount of not less than 5% nor more than 20% of the net required tax collection, shall be added to the required collections. Such final total requirements shall then be divided by the total net assessed valuation of all real, personal and public service property in order to determine the appropriate tax rate for each property owner.

One hundred percent (100%) of the School District's Sinking (Debt Service) Fund revenues come from locally collected ad valorem taxes. None of these ad valorem taxes are collected or disbursed by the State of Oklahoma. Furthermore, as stated above, Sinking Fund taxes are collected by the County Treasurers of the counties in which the School District is located, apportioned by the County Treasurers, and paid over to the School District Treasurer and cannot, by Oklahoma Law, be placed in any fund of the School District other than the Sinking Fund. They may be used only for the payment of principal of and interest on indebtedness of the School District.

TAX LEVY AND COLLECTION PROCEDURES

Oklahoma statutes require that the School District each year make an ad valorem tax levy for a Sinking Fund which shall, with cash and investments in the fund, be sufficient to pay all the bonded indebtedness, interest and one-third of all outstanding judgments coming due in the following fiscal year.

After review and approval by the Board of Education, copies of the Sinking Fund Estimates are submitted to the County Excise Board to determine the ad valorem tax levy and appropriations. This submission is required to be made by July 20 of each year. The estimates are for the purposes of determining the ad valorem tax required to fund general operations and the Sinking Fund. The amounts contained in the Estimate of Needs are verified by the County Excise Board and, upon verification, the levies contained therein are ordered to be certified to the County Assessor in order that the County Assessor may extend said levies upon the tax rolls for the year for which the Estimate of Needs is submitted. The County Excise Board further certifies that the appropriations contained in the Estimate of Needs and the millage rates are within the limitations provided by law. While the County Excise Board may make recommendations with respect to the levy request, it only has the authority to change the reserve for delinquent taxes.

The County Assessor is required to file a tax roll report on or before October 1 of each year with the County Treasurer indicating the net assessed valuation for each municipality within the County. This report includes the assessed valuation for all real, personal and public service property (public service property assessed valuations are determined by the Oklahoma Tax Commission). The County Treasurer has fifteen (15) days after receipt of the tax roll report to start collecting taxes. The first half of taxes is due and payable on November 1 of each year. The second half is due and payable on or before April 1 of each year. However, if the first half is not paid by January 1, both first and second half are declared delinquent as of January 1. If the first half taxes are paid in a timely manner and the second half taxes are not paid on or before April 1, the taxes are considered delinquent. Interest accrues on delinquent taxes at the rate of 1.5% monthly (18% annually), to a maximum of 100% of the taxes due and owing, until such time as the delinquent taxes are paid. In the event taxes and accrued interest are not paid, the property is sold at tax sale on October 1 and the purchaser is issued a certificate of ownership; however, the original owner of the property has two (2) years in which to redeem the property by paying the taxes, interest and penalties owed. If, at the end of two years the original owner has not done so, the purchaser is issued a deed to the property.

ACCOUNTING AND REPORTING PRACTICES

The accounting and reporting policies of the School District are prepared in accordance with generally accepted accounting principles (GAAP). Generally accepted accounting principles include all relevant Government Accounting Standards Board (GASB) pronouncements. INDEPENDENT SCHOOL DISTRICT NO. 3 OF TULSA COUNTY, OKLAHOMA

Broken Arrow Public Schools is located in southeast Tulsa County and a portion of western Wagoner County, Oklahoma. The District encompasses 116 square miles primarily overlaying the City of Broken Arrow, Oklahoma, which is located fifteen miles southeast of downtown Tulsa, Oklahoma. Oklahoma State Highway 51 (Broken Arrow Expressway) bisects the District and is a major transportation thoroughfare from Tulsa to eastern Oklahoma and points south. Population growth in the area has been dramatic over the last thirty years. As a result, the District's enrollment has increased in conjunction with population growth.

The District was first formed in 1904 when the Broken Arrow City Council voted a two percent tax on property holders to fund a school building. The first graduating class consisted of three persons in May 1908, with a total student enrollment of 300. Since that time, the District has steadily grown to over 20,000 students. The District employs over 2,000 persons of whom approximate 1,062 are certified teachers, 100 are administrators and 1,000 are support staff. All teachers employed by the District have degrees as well as special training in their major field of instruction and are certified by the Oklahoma State Department of Education. All sites in the District are fully accredited by the Oklahoma State Department of Education and the North Central Accreditation Association.

The existing physical facilities of the School District included four early childhood centers, sixteen elementary schools and eleven secondary schools. Elementary schools educate grades kindergarten through fifth; middle schools accommodate sixth, seventh and eighth graders. Students in grades nine attend the Freshman Academy and the senior high includes tenth, eleventh and twelfth graders. The district operates 170 buses, transporting approximate 50 percent of all students.

Some of the major employers and industries in the District include: Broken Arrow Public Schools; Wal-Mart stores; the City of Broken Arrow; and Flight Safety International.

RECORD DATE

The record date shall be defined as the fifteenth (15th) day preceding any interest payment date.

RATINGS

Neither the School District nor the Financial Advisor has obtained, nor do they plan to obtain, a rating of the Bonds by any rating agency other than the Municipal Rating Committee of Oklahoma, Inc.

UNDERWRITING

The Bonds have been sold at public sale by the School District to the Underwriters, and the Underwriters have jointly and severally agreed, subject to certain conditions, to purchase the Bonds. The successful proposal for the Bonds was submitted by _____ as representative of the Underwriters.

LITIGATION

Except as discussed below, the School District is not a party to any litigation or other proceeding pending or to its knowledge, threatened, in any court, agency or other administrative body (either state or federal), which, if decided adversely to the School District, would have a material adverse effect on the financial statements of the School District.

The School District took action June 26, 2016 to approve McDaniel Acord, PLLC providing legal representation to the School District in the Oklahoma Supreme Court case of ISD #89 v. Hofmeister, et al., which involved an alleged miscalculation of state aid over twenty years, a miscalculation alleged to result in an overpayment of monies to some districts and an underpayment of monies to other school districts. The Supreme Court quickly denied jurisdiction of the plaintiff's case, and the plaintiffs subsequently filed a case in district court asserting the same claims of miscalculation and recoupment (ISD #52 v. Hofmeister, et al.). The School District's legal counsel advised them not to join that subsequent lawsuit. In November 2022, the Oklahoma State Board of Education voted to request an audit from the State Auditor and Inspector's Office of the districts that may have received a larger share of state aid for Fiscal Year 2014.

On August 8, 2017, The United States Court of Appeals for the Tenth Circuit issued an opinion in the case of Patrick Dwayne Murphy v. Terry Royal, Warden, 866 F.3d 1164 (10th Cir. 2017), and on November 9, 2017 issued an amended opinion, 875 F.3d 896 (10th Cir. 2017). In its opinion, the Tenth Circuit concluded that the United States Congress has not disestablished the Creek Reservation that it established by treaty in 1866. As addressed in its opinion, the external boundaries of the 1866 Reservation include much of the eastern portion of the current State of Oklahoma, including a portion of the boundaries of the School District. The Court of Appeals further concluded that, accordingly, the land within the external boundaries of the 1866 Reservation constitutes "Indian country" within the meaning of the federal Major Crimes Act (18 U.S.C.A. § 1151, et seq.). On February 6, 2018, the Attorney General of the State of Oklahoma filed with the Supreme Court of the United States (the "Supreme Court") a petition for a writ of certiorari. The Supreme Court heard oral arguments on November 27, 2018 and has accepted supplemental briefs on December 28, 2018. After reviewing additional briefs and amicus curiae in January 2019, in June 2019 the case was restored to the calendar for re-argument. In addition, the Supreme Court has decided to first hear the similar case of McGirt v. Oklahoma (No. 18-9526) being directly appealed from the Oklahoma Court of Appeals. Arguments for McGirt were heard before the Supreme Court on May 11, 2020. On July 9, 2020 the Supreme Court held for the purposes of the Major Crimes Act, land throughout much of eastern Oklahoma reserved for the Creek Nation since the 19th century remains a Native American territory. Also, on July 9, 2020 the Supreme Court affirmed in a per curiam opinion, the judgment of the U.S. Court of Appeals of the 10th Circuit is affirmed for the reasons stated in McGirt v. Oklahoma. On June 29, 2022, the Supreme Court Ruled in Oklahoma v. Castro-Huerta that the Federal Government and the State have concurrent jurisdictions to prosecute non-Indians who commit crimes against Indians in Indian Territory.

Although this case arises in a criminal law context, it may affect the application of civil law and have regulatory consequences within the same geographic territory, with numerous potential direct and indirect effects upon the State and its political subdivision within such geographic territory, including the School District. Application of this determination to other areas of State jurisdiction, such as civil action, tax, zoning, land use, hunting and fishing, etc. could affect the way the State and its political subdivisions interact with Indians in Indian Country. More specifically in regards to sales and use tax revenues, the Supreme Court's decision would expand the area in which businesses and tribes make tax-exempt sales to Creek Nation tribal members. Although businesses are required to collect and remit the appropriate sales taxes from non-tribal members, there remains an issue with enforcement against tribal businesses that may successfully claim sovereign immunity. The Supreme Court's decision could effectively reduce state or other governmental units' collections for sales and use taxes, due to the increased volume of tax-exempt sales to tribal members from non-tribal businesses. In addition, if it is determined that the School District is unable to levy and collect ad valorem taxes on property owned by Indians in the original boundaries of the Creek Nation reservation, then the School District would need to increase the millage that would be assessed on the remaining property in the School District in order to collect the amount necessary to pay the principal and interest on the Bonds. At this time, the School District is not involved in any litigation relating to this matter. However, *Hooper v. City of Tulsa* from the United States District Court, Northern District of Oklahoma, recently held on April 13, 2022, "that the Curtis Act grants the municipalities in its scope jurisdiction over violations of municipal ordinances by any inhabitant of those municipalities, including Indians." The relevant portion of the 1898 statute provides that "all inhabitants of such cities and towns, without regard to race, shall be subject to all laws and ordinances of such city or town governments, and shall have equal rights, privileges, and protections therein."

APPROVAL OF LEGALITY

All matters incident to the authorization and issuance of the bonds are subject to the approval of the Attorney General of the State of Oklahoma and to the approval of Phillips Murrah P.C., as Bond Counsel. Bond Counsel has not participated in the preparation of the Official Statement. Accordingly, Bond Counsel has no responsibility for the accuracy, sufficiency or completeness of any information furnished in connection with any offer or sale of the Bonds.

GLOBAL HEALTH EMERGENCY RISK

The continued spread of COVID-19 in the future and the continued financial impact specifically on the District, as well as the financial markets, generally, may have certain adverse financial impacts, which may include but are not limited to: (i) limit the ability of the District to conduct their operations and to provide services on a timely basis, if at all, (ii) significantly increase the cost of operations of the District, (iii) significantly impact the ability of the District to provide personnel to carry out its respective routine services; (iv) affect financial markets and consequently have a materially adverse effect on the returns and value of the investment portfolios of the District, and (v) affect the secondary market with respect to the Bonds. The extent of the impact to the District and their financial conditions will depend on future developments, which are uncertain and cannot be predicted by the District, including the duration of the outbreak and measures taken to address the outbreak.

The district has spent significant general and building fund dollars on personal protection equipment for students and staff and sanitization chemicals and supplies. The district received an allocation of \$14 million from the ARP funding passed March 11, 2021. From that allocation 20% of the funding is required to be spent addressing student learning loss. The remainder of the allocation may be spent on the district's COVID response and continuing operations that may have been disrupted from COVID. This federal funding will help offset the decline in state funded revenue. In addition to the third stimulus ARP relief package, the district has since received ARP funding focused on IDEA students, preschool students, our Homeless program, and a nurse support grant. The district expect to expend the majority of our COVID/ARP funding by the end of this school year. All information related to the School District's COVID-19 response including the School District's reentry plan, current COVID-19 data, and daily district cases can be found at www.baschools.org/covid19.

CYBERSECURITY

Computer networks and data transmissions and collection are vital to the operations of the District. Despite security measures, information and infrastructure of the District may be subject to attacks by outside or internal hackers, or breached by employee error, negligence or malfeasance. Any such breach or attack could compromise systems and information stored therein. Any such disruption or other loss of information could result in a disruption in the operations of the District and could adversely affect the ability of the District to timely receive ad valorem taxes.

In July 2019 the district experienced a ransomware attack on the district's network system. The Board of Education approved the contracts with Arete Advisors and Lewis Brisbois Bisgaard & Smith LLP to help determine the liability of the district for security of information breached. It was determined in the final report issued by Arete that no personal information had been compromised. Since that incident has occurred, the district has taken proactive steps to mitigate future attacks. All finance, payroll, and human resource software applications are now cloud based. Additional instructional and technology applications were also migrated to the cloud. The applications that could not be moved to the cloud have dedicated technology personnel monitoring their back up process. The district purchased multiple software products to both monitor network traffic as well as activity on district devices to prevent future ransomware attacks.. During our renewal process with our insurance agent of record and Travelers, there was a new attestation the district was required to comply with in order to receive coverage. One of the items on the checklist was implementing two factor authentication for our employee computers/devices. Our technology team implemented this and our coverage continues with Travelers.

Finally, Board Policy 6110 has been updated to detail the district's response to cybersecurity monitoring. The district feels like should another attack happen we would be in a very strong position to quickly respond so that any disruption of service would be minimal. The finance applications that are now cloud based would enable payroll and accounts payable to continue operations.

TAX MATTERS

TAX EXEMPTION

In the opinion of Bond Counsel, under existing statutes, regulations, published rulings and court decisions, interest on the Bonds is excludable from the gross income of the owners of the Bonds for Federal income tax purposes. In expressing their opinion that interest on the Bonds is excludable from the gross income of the owners of the Bonds, Bond Counsel will rely on the School District's No-Arbitrage Certificate and will assume compliance by the School District with certain covenants of the School District with respect to the use and investment of the proceeds of the Bonds. Failure by the School District to comply with these covenants may cause the interest on the Bonds to become includable in gross income retroactively to the date of issuance of the Bonds. Except as stated above with respect to the exclusion of the interest on the Bonds from gross income, Bond Counsel expresses no opinion as to any other Federal income tax consequences of acquiring, carrying, owning or disposing of the Bonds.

The law upon which Bond Counsel have based their opinion is subject to change by the Congress and Department of the Treasury and to subsequent judicial and administrative interpretation. There can be no assurance that such law or the interpretation thereof will not be changed in a manner which would adversely affect the tax treatment of ownership of the Bonds.

For taxable years beginning after 1986, a portion of the interest on the Bonds will be includable as an adjustment for book income or adjusted earnings and profits to calculate alternative minimum tax imposed on corporations by Section 55 of the Internal Revenue Code of 1986 (the "Code"), and for purposes of the environmental tax

imposed on corporations by Section 59A of the Code. In addition, certain foreign corporations doing business in the United States may be subject to the new "branch profits tax" on their effectively-connected earnings and profits including tax-exempt interest such as interest on the Bonds. Furthermore, in the case of a Subchapter S Corporation, interest on the Bonds is treated as passive investment income which is subject to the tax imposed by Section 1375 of the Code.

The Code includes as an individual and corporate alternative minimum tax preference item, the interest on certain "private activity bonds" issued after August 7, 1986. In the opinion of Bond Counsel, the Bonds are not "private activity bonds" and the interest on the Bonds is not an individual or corporate alternative minimum tax preference item under Section 57(a)(5) of the Code. Prospective purchasers of the Bonds should be aware that the ownership of tax-exempt obligations may result in collateral Federal income tax consequences to financial institutions, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations. Prospective purchasers falling within any of these categories should consult their own tax advisers as to the applicability of these consequences.

Pursuant to Title 68, Oklahoma Statutes 2021, Section 2358.5, the Bonds issued by the School District shall be exempt from Oklahoma Income Taxation.

REGISTRATION AND TRANSFER

Bonds presented to the Registrar for transfer after the close of business on a Record Date, defined as the fifteenth (15th) day preceding any interest payment date, and before the close of business on the next subsequent Interest Payment Date will be registered in the name of the transferee but the interest payment will be made to the registered owners shown on the books of the Registrar as of the close of business on the Record Date.

The Bonds will be initially registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC") New York, New York, which will act as securities depository for the Bonds. Principal and interest on the Bonds will be paid by the Paying Agent and Registrar to DTC. Disbursements of such payments to the DTC Participants is the responsibility of DTC and disbursement of such payments to the Beneficial Owners is the responsibility of the DTC Participants and the Indirect Participants, as more fully described in the section titled "Book-Entry System."

BOOK-ENTRY-ONLY SYSTEM

The information in this section, "Book-Entry System", has been furnished by The Depository Trust Company. No representation is made by the School District as to the completeness or accuracy of such information. The School District shall have no responsibility or obligation to DTC Participants, Indirect Participants or the persons for which they act as nominees with respect to the Bonds, or for any principal, premium, if any, or interest payment thereof.

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered certificate will be issued for each maturity of the Bonds in the aggregate amount of each such maturity, and will be deposited with DTC at the office of the Paying Agent and Registrar on behalf of DTC utilizing the DTC FAST system of registration.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds securities that its participants ("Participants") deposit with DTC. DTC also facilitates the settlement among Participants of securities transactions, such as transfer and pledges, in deposited securities through electronic computerized book-entry changes in Participants' accounts, thereby eliminating the need for physical movement of securities

certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc. Access to the DTC system is also available to others such as securities brokers and dealers, banks, and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The Rules applicable to DTC and its Participants are on file with the Securities and Exchange Commission.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, who will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. **Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.**

To facilitate subsequent transfers, all Bonds deposited by Participants with DTC (or the Paying Agent and Registrar on behalf of DTC utilizing the DTC FAST system of registration) are registered in the name of DTC’s partnership nominee, Cede & Co. The deposit of Bonds with DTC (or the Paying Agent and Registrar on behalf of DTC utilizing the DTC FAST system of registration) and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, who may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participant to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to Cede & Co. If less than all of the Bonds within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to the Bonds. Under its usual procedures, DTC mails an Omnibus Proxy to the issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made by the Paying Agent and Registrar to DTC. DTC’s practice is to credit Direct Participants’ accounts on payable date in accordance with their respective holdings shown on DTC’s records unless DTC has reason to believe that it will not receive payment on payable date. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name”, and will be the responsibility of such Participant and not of DTC, the Agent, or the issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is the responsibility of the issuer or the Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the issuer or the Agent. Under such circumstances, the event that a successor securities depository is not obtained, Bond certificates will be printed and delivered.

The School District may decide to discontinue use of the system of book-entry transfer through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered.

Use of Certain Terms in other Sections of the Official Statement. In reading this Official Statement it should be understood that while the Bond certificates are in the Book-Entry-Only System, references in other sections of this Official Statement to registered owners should be read to include the person for which the Participant acquires an interest in the Certificates, but (i) all rights of ownership must be exercised through DTC and the Book-Entry-Only System, and (ii) except as described above, notices that are to be given to registered owners under the Indenture will be given only to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the School District believes to be reliable, but the School District takes no responsibility for the accuracy thereof.
