

The Contract/Agreement should be received at least 2 weeks prior to a Board Meeting to ensure placement on the Agenda. The Contract Committee meets most Tuesdays at 8:00a.m. All Contracts/Agreements, regardless the amount, must be first approved by the Contract Committee and then presented to the Board of Education for approval and signature. The item will be placed on Electronic School Board for the board agenda by Janet Brown. By following this process, the liability of entering into an agreement is placed with the district rather than an individual.

OATECA Data Privacy Policy

We at Oklahoma Assistive Technology and Educational Consulting Associates, Inc., (furthermore referred to as OATECA, Inc.) ensures the protection of student data as follows:

- 1.) At no point are individual student names utilized.
- 2.) At no point are students' dates of birth utilized.
- 3.) We utilize State Testing ID numbers - not a Student's District Identification number.
- 4.) OATECA, Inc will NEVER sell any digital information to any third-party vendor.

IN CASE OF A DATA BREACH, the following procedure is in place.

- 1.) OATECA, Inc.. will notify each user in the form of an email to the district representative, to inform them of such.
- 2.) Upon notifying each user, data input will halt until the system is safe and secure.
- 3.) OATECA, Inc. will notify each user via email when data input can resume.

OATECA, Inc. utilizes Jotform, Weebly, and Caspio technologies holistically to serve individual school districts. Of these three, Caspio is the immediate data entry technology for student data. Jotform is used to collect sales, support, and training inquiries. Weebly hosts the OATECA, Inc. website.

ABOUT CASPIO

OATECA, Inc. utilizes the Caspio platform for its online data storage. The Caspio infrastructure is secured through a defense-in-depth multi-layered approach. Caspio logically isolates, stores, and secures Customer Data in geographically distributed data centers operated by Amazon Web Services (AWS). OATECA's data is stored in the United States of America.

AWS is the most comprehensive and broadly adopted infrastructure-as-a-service and is trusted by the world's most demanding enterprise companies. AWS maintains extensive certifications and compliance programs, including Cloud Security Alliance (CSA), ISO 9001, SOC 2, PCI DSS Level 1, and ISO 27001/27017/27018.

NETWORK AND SYSTEM LAYERS

CASPIO servers and firewalls are configured to allow only the absolute minimum level of access. All unnecessary users, protocols, and ports are disabled and monitored. Operating systems and third-party software are kept current with the latest upgrades and patches recommended by their vendors. CASPIO databases and backups can only be accessed through trusted and secure authentication.

All data maintained in the Caspio account is owned by OATECA, Inc. Only a few select, qualified, and authorized CASPIO personnel are allowed access to servers when necessary for system management, maintenance, monitoring, and backups. CASPIO follows rigorous hiring practices and every administrative, IT, support, and sales candidate undergoes a background check.

CASPIO support engineers may only access OATECA Inc.'s account when explicitly authorized by OATECA, Inc. to resolve problems or issues reported by you or to address issues for which we are contractually authorized. All account logins are tracked for reference. OATECA, Inc. has few persons authorized to engage in these conversations with CASPIO.

ACCOUNT AUTHENTICATION -

- Each school account is protected by an Account ID and password. OATEA, Inc. encourages the use of strong passwords, users, to protect passwords from others, and to change them often. User passwords are stored encrypted.
- It is advised to only access OATECA 2.0 from trusted devices and networks.
- OATECA, Inc. does not store sensitive user data in cookies or utilize other high-risk user or session tracking methods.
- Each login session with your OATECA 2.0 account is secured with SSL encryption.
- Each login attempt, IP address, and user name is logged and monitored by OATECA, Inc.
- An unlimited number of authenticated users is available for an annual fee per named user, per year.
