// About Us

Live 1:1 Online Tutoring

// Vision: Effecting Change in K-12 Education

FEV Tutor is a vision-driven education technology organization that partners with K-12 Public Schools, Districts, Charter Schools and other organizations to accelerate learning outcomes for students with our Live 1:1 Online Tutoring Programs.

FEV Tutor is research and evidence-based and has a track record of driving measured results in the K-12 public education space with At-Risk and Special Student populations.

Our programs are designed and developed to synchronize with academic initiatives and share in measured outcome goals with our school and district partners for overall school improvement, transformation and to make a difference with each student we have the opportunity to work with.

// Program Overview

// Collaborative Academic Program Design

FEV Tutor assigns each partner with a dedicated Academic Success Coach (ASC) who meets with District and School Leadership to design a custom program implementation model. Before launching a new program, our Data Analysis Team works with your school and district to collect and analyze as much benchmark data to measure the effectiveness of our tutoring program.

Driven By YOUR Data

- Leverage your benchmark or state assessment data (NWEA MAP, iREADY, STAR, etc.)
- Sync with your current instructional strategies (MTSS, RTI, Intervention, etc.)
- Extension of core learning ecosystem and classroom teachers
- Activation point for data driven instruction for teachers

Target Student Populations & Programs

- General At-risk/Title I (+ Title I Non Public)
- English Language Learners & Migrant
- Special Education & Homeless and Foster Youth
- 'Bubble Students' for State Assessment
- Lowest Quartile
- Tier II & Tier III RTI
- Gifted & Talented (Flipped Model of Instruction)
- College & Career Readiness (SAT/ACT Prep)

Customized and Flexible Scheduling

- 24/7 Access: Any Time, Any Place
- School Day Programming (Intervention Period, Study Skills, Resource Room, Rotational Model of Instruction, etc.)
- After school Program Support
- Nights and Weekends (Extend your school/district support)

Academic Impact Analysis

- FEV Tutor Usage vs. Outcomes/Gains on State and Benchmark Assessments
- Leverage FEV Tutor's Data Analytics Team to share impact reports
- Return on Investment/Education (Transparency)
- Shared Goals

// How to Calculate Your 'School/District License'

\$25
 per hour/per student
INSTRUCTIONAL HOURLY COST

How to Calculate License Cost?

XXXXXX Number of Instructional Hours x \$25/hour/student = Your License Cost

- Districts/Schools Can Add Hours At Any Time \$25/hour/student via an additional Purchase Order
- Unused Hours will roll over to the following Academic Year
- For Intervention and/or Test Prep FEV Tutor Recommends 8-10 hours of tutoring per semester and 10-22+ hours/student per academic year to drive desired results students.
