

SECTION VI: BUSINESS & TECHNOLOGY **POLICY 6265**
USE OF DISTRICT VEHICLES

School vehicles are acquired with public funds and are to be used for the benefit of the school district, related services, and official school business.

Unless specific authorization for exception is given by the Superintendent of Schools or designee, all school owned vehicles shall be parked at designated district locations after business hours, at night, weekends, holidays, and/or non-contracted work days.

Employees may not operate District vehicles without proper licenses, as required by State law for the type of vehicle being operated. All traffic and parking laws shall be observed and the vehicle operated in a safe and prudent manner. Drivers are personally responsible for the payment of all fines incurred as a result of traffic violations. Drivers are responsible for reporting to their immediate supervisor all traffic violations received and accidents occurring in a school vehicle.

Upon authorization of the Superintendent of Schools or designee, a school owned vehicle may be assigned to an employee in a position whose job responsibilities, as determined by the District, merit the full-time use of a district owned vehicle. In such a circumstance, employees are required to comply with regulations outlined in IRS code.

Employees assigned full-time use of a district vehicle are required to document all mileage driven for personal use. Mileage logs are to be kept by the employee monthly, and submitted to the transportation department quarterly. Business mileage is defined as miles driven from building to building within the district, and travel to and from district approved meetings, conferences, workshops, and specific events, for which attendance is required by the district. All other miles incurred while driving a district vehicle are defined as personal, including commuter miles from home to work and work to home, and must be documented and submitted per IRS regulations.

However, such cancellations will not be made except when unforeseen emergencies arise, and then with as much advance notice as possible. Permission may be canceled by the Facility Use Committee or designee if conduct or infraction of regulations warrants.

Building Use without Charge

School organizations, educational organizations, and groups that provide information for the good of the community are granted building use without charge, with the exception of our Central on Main Building and the Performing Arts Center, as long as such use does not conflict with other scheduled activities. The hours of usage should extend beyond the regularly scheduled hours of the District staff member(s) present for the meeting or occur on a non-school day such as weekends; the group may be charged the incurred overtime expenses for custodial, stagecraft, security, and/or cafeteria services as required, according to the pay scale as determined by the Facility Use Committee or designee.
2. Organizations qualifying for use of meeting space without charge on school days may be charged regular or special rates for meetings held on non-school days and for meetings held on school days that extend beyond 10:00 p.m., for use of recreational facilities such as gymnasiums, and for all fundraising activity meetings.

Parking lots are provided with the use of most school buildings. If use of only a parking lot is desired, application will be made as for use of any school facility. Parking areas are not reserved exclusively for groups using school buildings. Playgrounds will not be used for parking.

Use of School Grounds and Recreational Facilities

School grounds will be made available to the general public at times when they are not being used for school purposes. The general public has a responsibility not to cause damage to the property or become a nuisance to adjoining property owners and others in the neighborhood.
