SQUARE 1 ART ♥ TEACHERS

Square 1 Art was founded by Marty Reid, an art teacher who believed an art fundraiser should be simple to do, and fun for everyone involved. We provide lesson plans that align with National Art Education Standards and simple guidelines that ensure the artwork will reproduce well on the keepsakes.

FUNDRAISING
SUCCESS
INSIDE
YOUR TOOLBOX
Coordinator's Toolbox

STEP 1 - PLAN

We provide a toolbox containing everything you need to succeed - free keepsake samples, special art paper, promotional materials, and tons of online resources, including art lesson plans. Every coordinator is assigned a personal Fundraising Consultant to help along the way.

STEP 2 - CREATE ART

Create vibrant art that sells! Markers, paints, and crayons are great mediums for art creation. Bold, colorful works of art look great on keepsakes, ensuring parents will want to make purchases for themselves and as gifts for friends and family.

STEP 3 - PROMOTE

We offer a lot of fun and innovative ways to communicate with your families. Effective promotion is key to raising the maximum amount of profit for your school. We make every child a star with a custom catalog and a FREE sticker set - both featuring their unique artwork.

STEP 4 - EASY ORDERING

We provide multiple ways for your families to order keepsakes - paper forms that come with our catalog, our online website, or by phone with our friendly Customer Care team.

STEP 5 - DISTRIBUTE KEEPSAKES

Family orders arrive at your school organized by class for easy distribution. You'll love the smiles on your kids' faces and the pride they feel in having their artwork on display. Parents look forward to capturing these precious memories year after year.
