DATA ACCESSIBILITY

n2y supports student and parent access to PII for review and correction. PII is most often created by the classroom teacher or other school administration team members in accordance with the applicable school or district's policies. Typically, corrections can most easily be facilitated by parents and/or students notifying the applicable classroom teacher or school administrator. In almost all cases, schools and school districts have policies that permit these resources to make the desired corrections directly in the system. If your situation is different or you need further assistance, please contact n2y customer support at [\(800\) 697-6575](tel:8006976575).

CONTENT RETENTION

n2y generally purges and/or de-identifies PII and other Authorized User data ninety (90) days following termination of a subscription. n2y performs daily system backups of production data for purposes of disaster recovery. These backups are encrypted, stored offline and are not directly accessible by Authorized Users. These backups are purged on a rolling twelve (12) month schedule. Upon written request, n2y may (in its sole discretion) consider an alternate content retention policy in certain circumstances. De-identified PII may be used by n2y for educational, product improvement and other similar purposes; n2y will not use PII for marketing.

DATA BREACH OR SECURITY INCIDENT

n2y has internal protocols in place to deal with a breach of PII. n2y will notify an affected subscriber no later than seven (7) business days after n2y become aware of any breach of or security incident involving PII. n2y will take prompt corrective action to remedy any breach or security incident, mitigate, to the extent practicable, any harmful effect of such breach or security incident and the corrective action n2y has taken or will take to prevent future similar breaches or security incidents.

As a public commitment for the responsible collection and use of student data, n2y is a signatory to the Student Privacy Pledge 2020 (the “Pledge”) of the Future of Privacy Forum and the Software & Information Industry Association (SIIA). n2y believes this Agreement is consistent with the Pledge and will ensure that any current and future subcontractors and business partners operate in a consistent manner by agreeing to comply with this Agreement. The Pledge is available for review at: [Student Data Privacy Pledge](#)
